

Don't Fool Around

The residents at Victoria Park are our most prized possession! We encourage you to spread the word! You know that by simply telling your friends and family about our community, you may earn a referral fee of \$300. The money is yours when your referrals move in. How much easier can it be?

Don't fool around and miss this opportunity to make some easy money. Start telling everyone about your home at Victoria Park today! For more details on our Resident Referral program, call the office.

They're Back!

Now that the warmer weather is here, you'll be seeing more pests as well. You can control some of their intrusion by taking your trash to the dumpster daily. Pest control is available to you every single Wednesday of the month by appointment. Please give the leasing office a call to schedule your appointment.

For Your Safety

The team at Victoria Park would like to remind our residents about our Courtesy Officer, Ray Brown. In the event of an emergency, please do not hesitate to contact Officer Brown. In the event that he is unable to respond to your call right away, you are strongly encouraged to call the non-emergency sheriff's line at 863-298-6200 or dial 911.

The Hunt Is On

Tips for Allergy Sufferers

- Keep windows closed at night; use air conditioning to keep air cool, clean and dry.
- Minimize early morning activity (between 5:00 and 10:00 a.m.); that's when pollen is the most intense.
- Keep your car windows closed when you drive to work or school.
- Stay indoors when the pollen count or humidity levels are high, and on windy days when dust and pollen are mixing in the air.
- Take a vacation during the height of the pollen season (beach areas have the least amount of pollen).
- Stay away from freshly cut grass.
- Don't grow too many indoor plants; wet dirt causes molds to form.

MY STYLE - outside

We're all ready to be outdoors. Create your own outdoor space or bring the outdoors in with these tips:

- Find mismatched pieces for your patio/balcony set. Unify those pieces with paint.
- A wooden toolbox serves as a magazine rack, a wooden door makes a shelf/table, an old mailbox makes a great planter – recycle, reuse!
- Fabrics can hide the worst flaws. Cover tables, chairs or use as a curtain.

"No matter how long the winter, spring is sure to follow." Proverb

During World War I, the top rate of the income tax rose to 77% to help finance the war effort; dropping down to 24% in 1929.		
Congress introduces payroll withholding and quarterly tax payments.	1940 - 1945	
		1986
Limited electronic filing begins.		
IRS processes 139 million returns and issued \$298 billion in refunds as of October 2, 2009.	2009	

Healthy HABITS

You know the importance of exercise, but you can incorporate more into your daily life by walking. By moving (pacing during phone calls, while you're taking a shower, while watching a ballgame) you are putting movement into your day. Every step a person takes is 1 calorie burned. Join a walking club at a mall, keep a walking journal, wear a pedometer – you'll find ways to add steps to your day.
